We at SOURCE know that regular bathing can be an important therapeutic ritual that serves to rejuvenate and revitalize. Occasionally, circumstances (health, staff, or facility related) can prevent this important routine. We are proud to be the exclusive SOURCE of Sage Comfort Bath® products, a complete, total body system that cleans, protects, and rejuvenates the resident from head to toe.

Comfort Rinse Free Shampoo Cap with Conditioner is the first complete, one-step hair care system in a convenient, microwavable cap. By omitting the need to rinse, Sage has eliminated the mess. Now you can thoroughly clean and condition your resident's hair without the sloppy rinsette full of water or moving the resident to a water source. The shampoo cap helps residents feel refreshed and increases resident and family satisfaction with your quality of care. It warms in a microwave or warmer and allows caregivers to gently massage the head and scalp for soothing patient comfort. The right amount of rinse-free shampoo and conditioner effectively removes EEG gel, blood, iodine, etc., which is then absorbed into the material inside of the cap.

The Comfort Rinse Free Shampoo Cap replaces shampoos, conditioners, rinsettes, and other costly items. No need to gather multiple supplies, no lengthy cleanup, and no need to change wet bed linens or resident gowns. It's the easiest shampoo ever.
