## ISCH-DISH® TREATMENTS WITH POSITIONING

The most direct seating solution for those with or at high risk for pressure ulcers at the ischium or coccyx. Patented, fit-to-the-user, open-pocket design provides pressure elimination and ventilation at the ulcer site. An important complement to any wound treatment and for long-term prevention. Promotes healthful, upright posture by controlling pelvic tilt. Reduces “sacral sitting” that can cause skin breakdown.

## SEATING: THE EQUALIZER®

The multi-component construction of the brand new Equalizer® contoured positioning cushion features an ultra-comfortable viscoelastic “memory foam” top, a contoured foundation layer for proper positioning of the legs, and an extra-soft relief zone for high-risk bony prominences. Three zones of a proprietary, gel-like soft polymer provide added pressure dispersion under the thighs, greater trochanters, and ischial/tailbone region. Moisture-resistant cover has a rugged nylon bottom with a 2-way stretch fabric top and convenient front carry handle.

### Have you attended one of our Clinical Education seminars?

We know that medical innovation is advancing at a faster pace than education. We also know that it is challenging to find time to take advantage of the limited education that is available. SOURCE MEDICAL can provide a solution to these issues. We host education seminars right across Canada that are conveniently arranged to meet your busy schedule. We can also facilitate detailed in-servicing on the latest improvements in products, services, and ministry guidelines. Ask your SOURCE representative for more details.

## SAGE PREVALON™

Prevalon™ Pressure-Relieving Heel Protector helps minimize pressure, friction, and shear on your patient's feet, heels, and ankles. By elevating the foot and separating the heel from the mattress, it delivers total pressure relief for the heel. This also keeps the heel visible for easy monitoring between assessments.

## Top 5 reasons to shop on-line with [www.sourcemedical.biz](http://www.sourcemedical.biz):

1. Fits your schedule—shop anytime it's convenient.
2. You're in control—find out where products are stocked, when they will ship, and what your price is.
3. Less browsing—key word search and a full category index help you zero in quickly on the product you want. When you find what you need, just add it to your catalogue for future reference.
4. Time savings—save the orders you place frequently and use them again.
5. Be status conscious—check the status of any order, whether you placed it on-line or not. See if it is on back order and make substitutions, and search for any order using the item number, date, shipping status, and much more.
